Dear Joshua:

I was sorry to learn that you weren't coming to CSH because I expected to have a chance to discuss personally with you about the problem you proposed in your last letter.

I would like to know about the final status of the summer job in your lab. If the position starts July 1st, I would like to be in Madison a few days ahead so as to put my belongings in order and prepare a work-program.

The Sussmans moved to a new home, therefore my new address is: 1914 Shevick Rd.
Evanston, Ill.

Best regards to Esther and you,

sincerely yours

Boris
